Dr. Terry Davies
Chairman for the Symposium for
Regulating Chemicals in the Environment
National Research Council
Environmental Studies Board
2101 Constitution Avenue
Washington, D.C. 20418

Dear Dr. Davies,

I am indeed deeply interested in this program, and would have hastened to attend - except that I have a firm obligation for academic duties on this date that I cannot evade. I must therefore reply with my regrets for this occasion, but hope you will continue to keep me informed about further developments. I would also welcome any transcripts or other reports that you might be able to share with me.

Sincerely yours,

Joshua Lederberg
Professor of Genetics
